## 2. EDITORIAL CONCEPT

FRANKFURT BUSINESS MEDIA GmbH, a member of the publishing group Frankfurter Allgemeine Zeitung GmbH, is committed to high-quality standards of journalism and expertise in covering business and finance topics. The same company publishes FINANCE, the magazine for CFOs.

In good times, these executives may lead existences offstage. But when times turn bad, they move to center stage: The CFO frequently has what can possibly be the most exciting job of all. The importance of this job is also bolstered by one other fact: The chief financial officer (CFO) frequently is the person promoted to the CEO position.

FINANCE is a must-read for this target group.

FINANCE provides thought-provoking insights into the world of finance at large companies as well as useful tips for the day-to-day work in these finance departments. FINANCE is divided into three sections. “Companies and Markets” delivers the latest in company developments and financing-market trends. In “Personal & Personnel,” members of the magazine’s editorial staff write profiles of CFOs, report on the comings and goings of CFOs and cover career topics. Then there is the “Strategy & Efficiency” section. It highlights the operational side of CFO tasks, such as controlling, M&A strategy, accounting and treasury. Working closely with discerning CFOs, banks and others in the financial community, the editorial staff at FINANCE represents the highest quality in compelling, informative business reporting.
